The Analist Group Complete Solution is a **continuum** made of tools, methodologies and training which add value and specific competences and skills to the industry.

This is the only way to **Success**.

”

The Analist Group winning Strategy

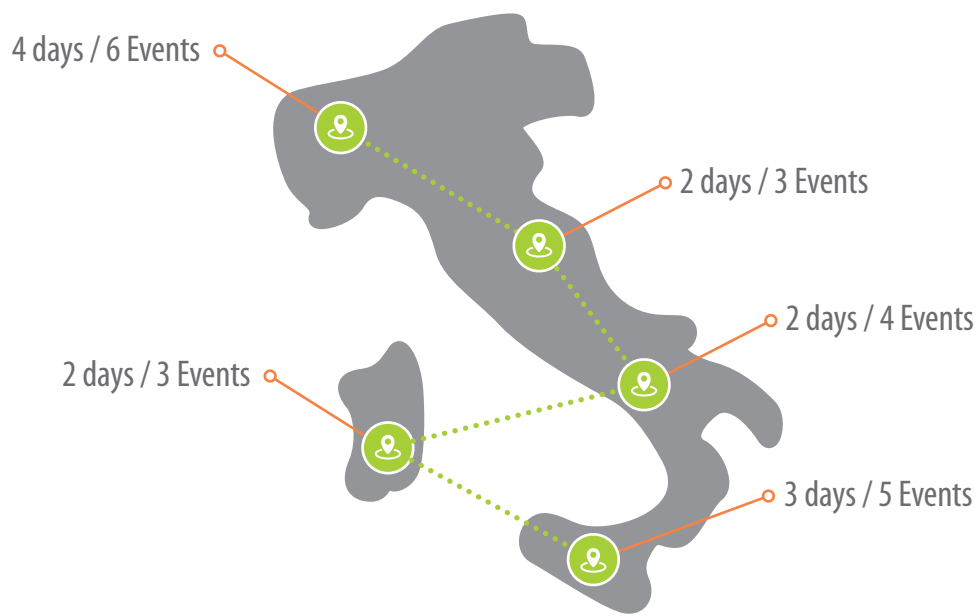

Analist Group has had the opportunity in the last years to achieve an extraordinarily positive experience in Italy which has enabled us to devise a winning Strategy, which we expect our partners to duplicate on their own territory. The Strategy consists basically of land based communication and training.

We would like to provide a concrete example:

- 1. Professionals and Companies identification on the territory and planning;**
- 2. Task force (2-3 people) and Event Format**
("how to transform your consumer drone into a measuring tool") set up;
- 3. Event Tour to the planned locations;**
- 4. Follow-up.**

This Strategy enabled us to open up to new scenarios in becoming center of new business connections and to enhance our *brand image, reputation* and sales.

Analist Group Partner Mission

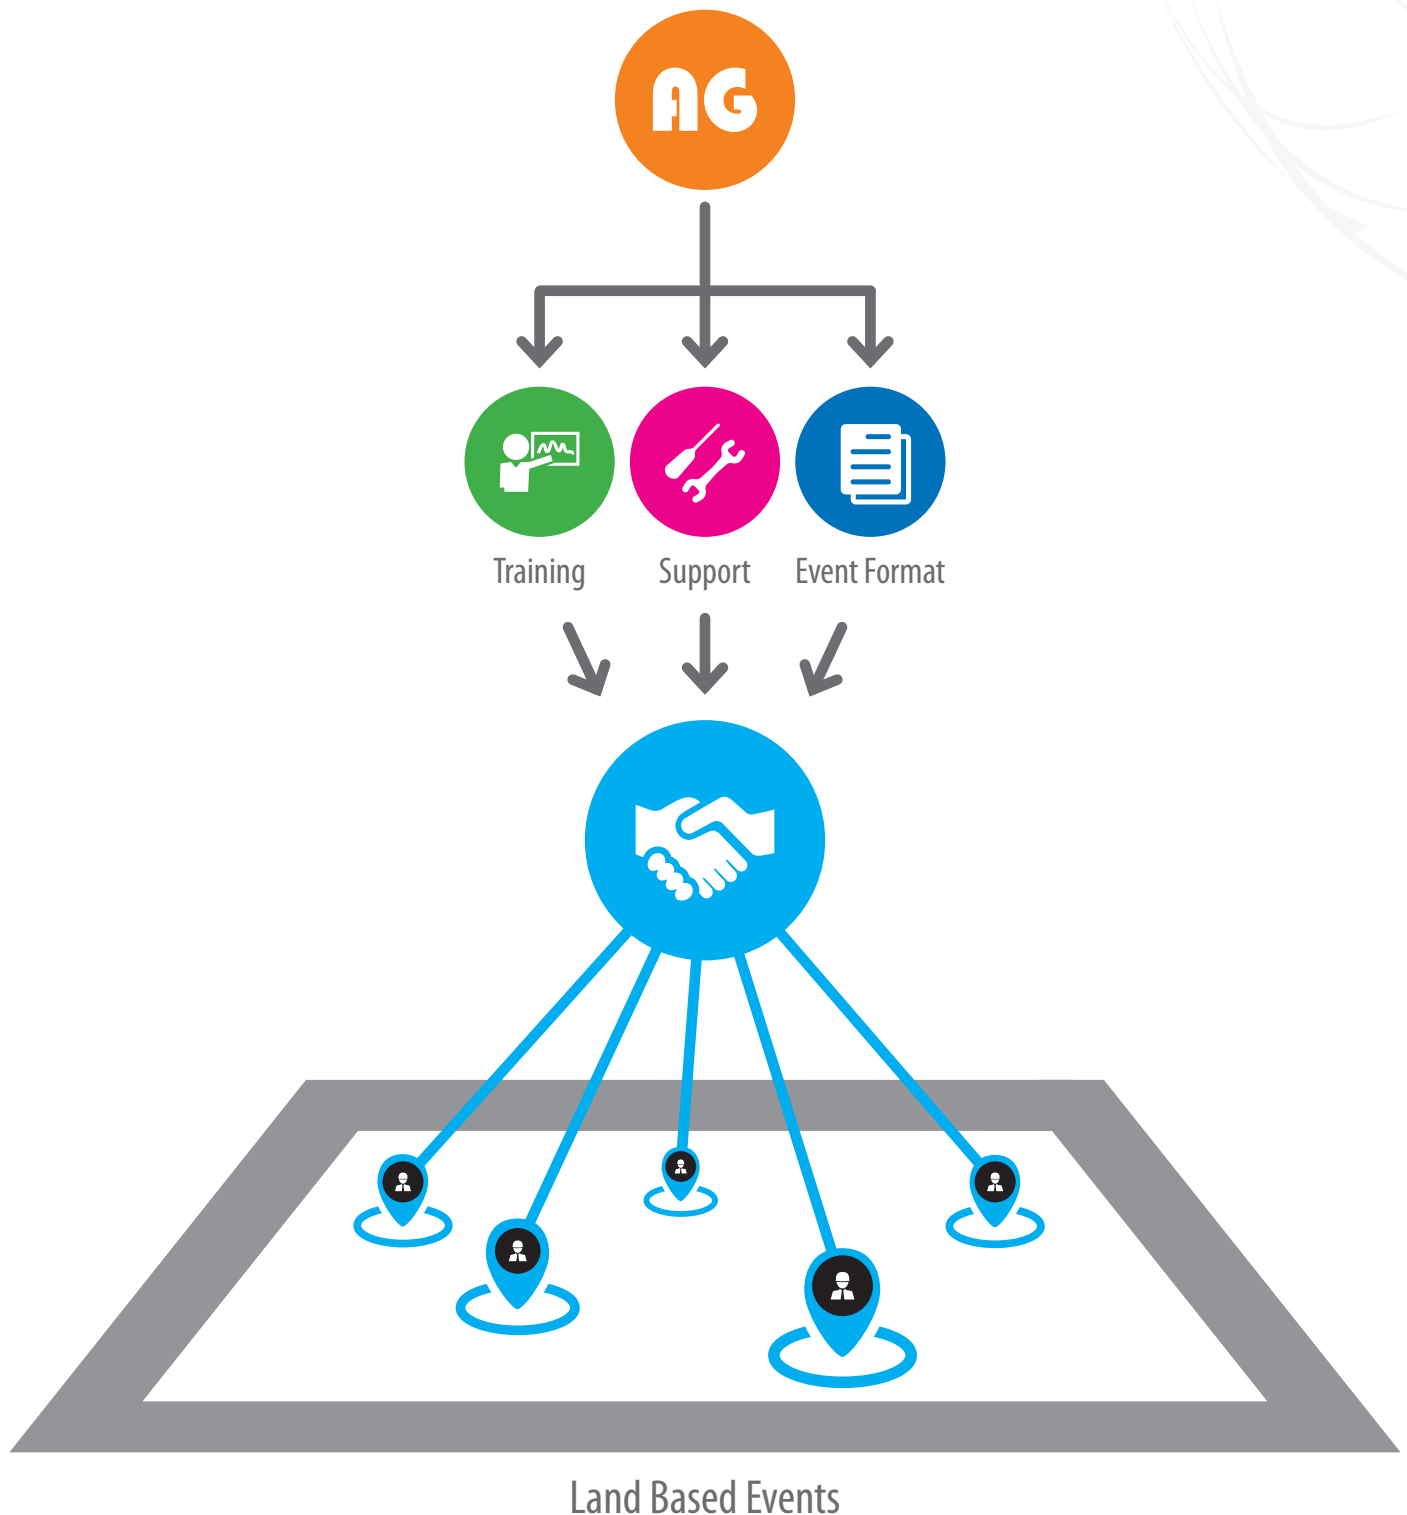

So, what can we do together?
The four steps for the Analist Group Partner to
follow are:

- 1. Plan Land Based Communication Events
with Companies and Sector Professionals
(engineers, architects, surveyors and so on);**
- 2. Task Force set up;**
- 3. Tour the planned locations;**
- 4. Follow-up.**

The Partner has the discretion to apply or not a **FEE**
to the Event.

Analist Group shall provide literature, training,
support and access to the softwares as well as
specific EVENT formats to the Partner.

Business Creation Strategy for Partners

The Partner's Business

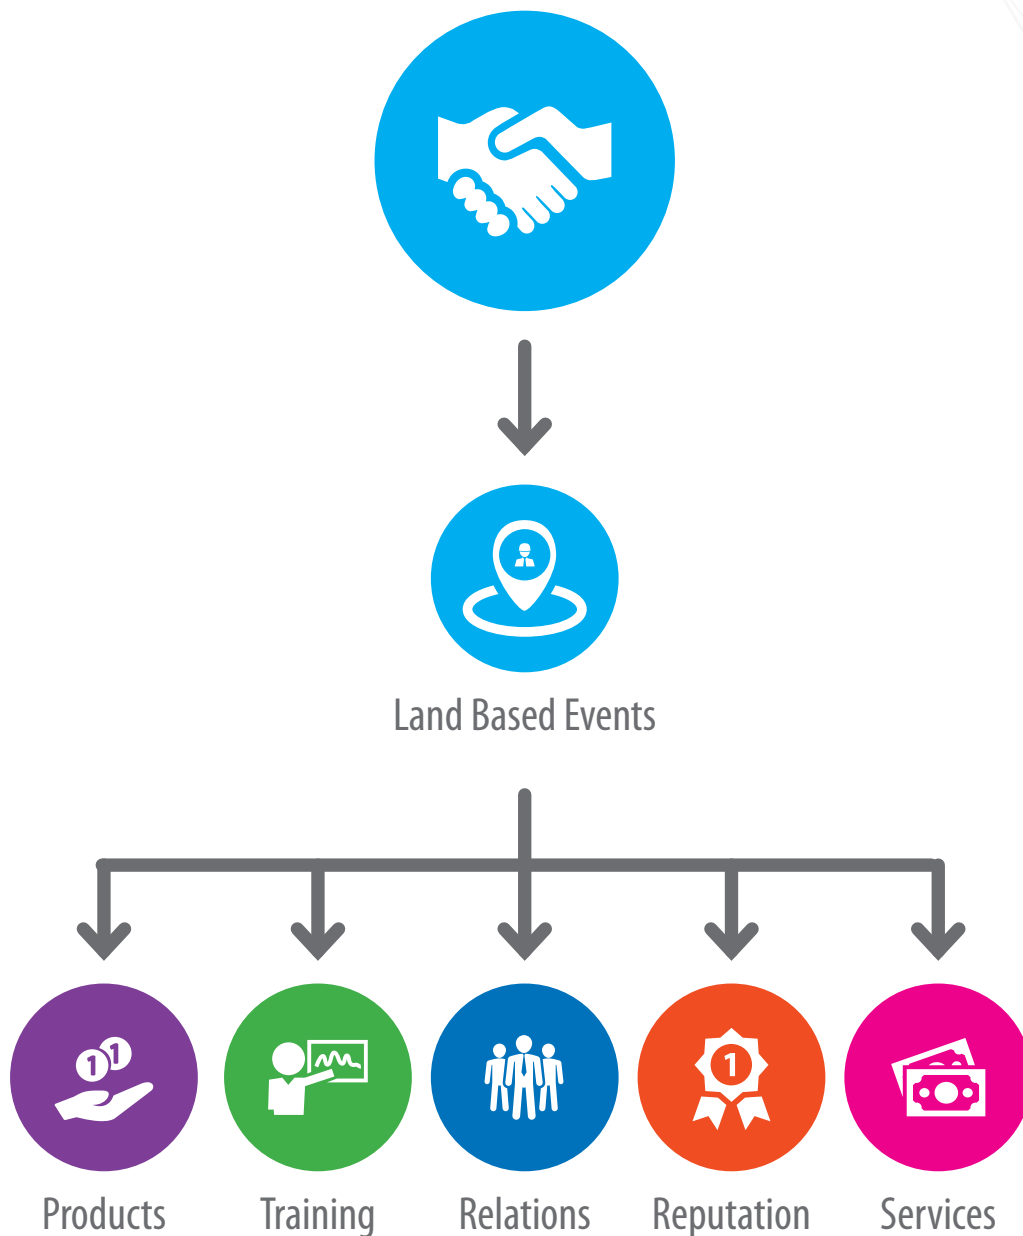

Priority of the Partner is to focus his business on becoming an evangelist of the use of the Analist Group Complete Solution; whether that is the DRONE itself, the softwares or the training.

- 1. DRONE + Training;**
- 2. Pix4Dmapper + Training;**
- 3. Analist CLOUD + Training;**
- 4. OneRay-RT + Training.**

By creating new relations on the territory, the Partner has the great opportunity to establish itself as an authoritative and competent entity and thus also to provide Services.
